

Choose the stethoscope that helps you achieve your best.

3M™ Littmann® Stethoscopes offer superb acoustic performance, consistently high quality, and an outstanding value. Nearly all Littmann stethoscopes use tunable technology, a 3M invention that gives you the ability to hear different frequency sounds without turning over and repositioning the chestpiece.

Experience the power of tunable technology.

LIGHT CONTACT:
Hold the chestpiece with light pressure to hear low frequency sounds.

FIRM PRESSURE:
Press the chestpiece a little more firmly to hear higher frequency sounds.
